

Services we offer Clients

We've been providing contractors for our clients for the last 16 years, with solutions in most countries around the world, today we have contractors working in 42 countries across EMEA, Asia, the US and South America.

We provide:

- Identification and provision of expertly qualified contractors for your projects in the quickest possible time.
- We work with in-country partners to ensure that our contractors obtain the relevant work visas / permits and are tax compliant.
- In Germany we provide AUG compliant contractors.
- We will keep in close contact with you and the contractor throughout the contract to ensure smooth delivery of the project.

Services we offer Contractors

Contracting can be a fantastic career option giving you freedom of choice as well as being financially rewarding. However the initial process including company set-up, work visas, tax compliance and finding accommodation for international assignments can be daunting. We provide on-going advice and assistance to make this process as smooth as possible. We provide:

- Assistance with booking flights and hotels on first arrival
- Information on the specific country and work location
- Contact with in-country partners who can advise and set up solutions to achieve the highest legal retention of your pay after tax.
- Ensure you satisfy all tax, social security and immigration requirements of your work country.
- Liaise with the client to ensure the contract goes as smoothly as possible.
